Élévateurs et Retours de Boules

Les Élévateurs et les Retours de Boules Mendes FuturaTM sont faits de fibre de verre moulé très durable. Utilisez un produit nettoyant non-abrasif afin de préserver l'apparence de vos équipements Mendes FuturaTM.

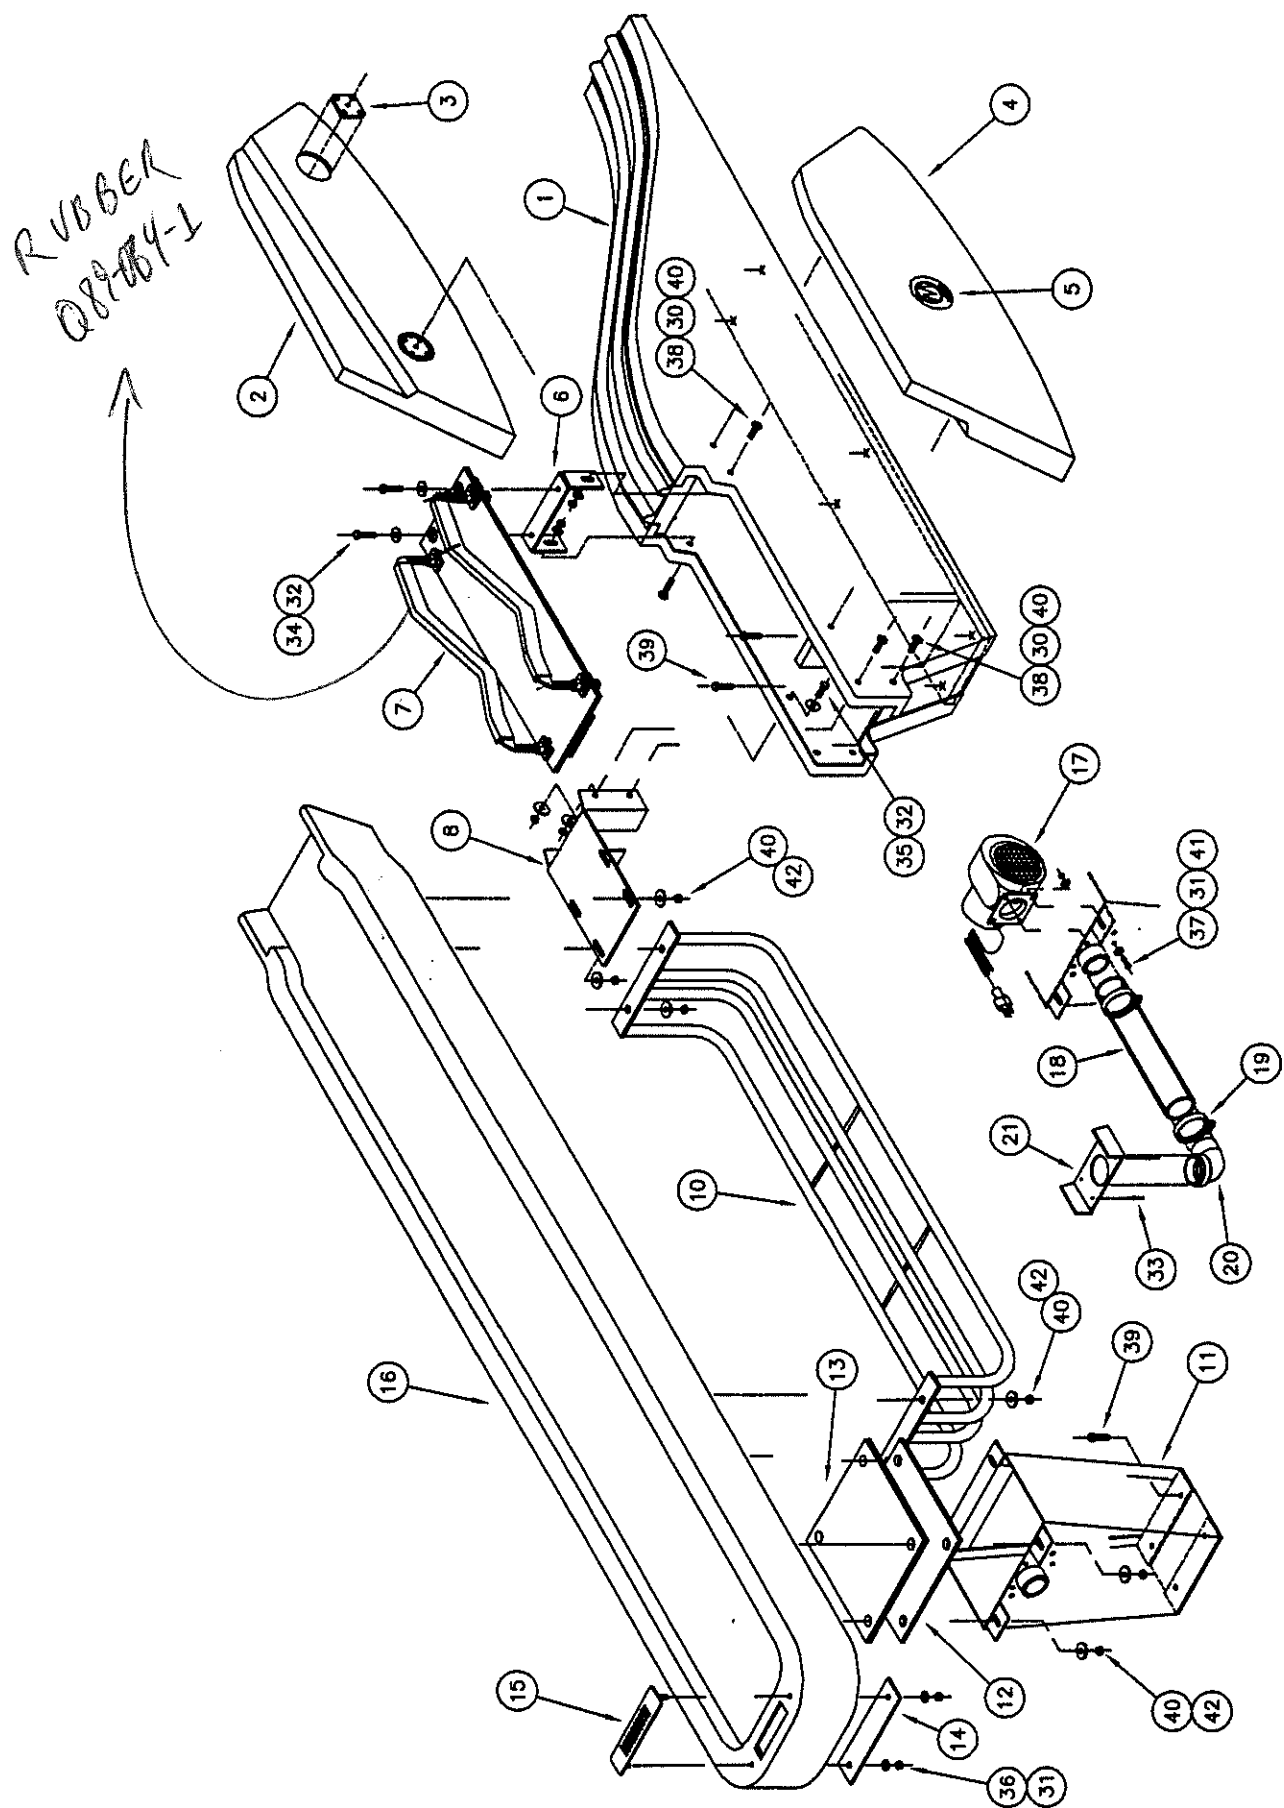

L'entretien préventif des élévateurs de boules souterrains est très simple. Une fois par mois, vérifiez et ajustez les vis et les écrous desserrés et vérifiez le niveau d'huile dans les réducteurs du moteur (ajoutez-en au besoin, utilisez de l'huile 80W-80).

Assemblage du Retour de Boules souterrain pour Duckpin/Fivepin/Candlepin
